Our Story...

“Hi, I’m Michelle Ball and I work alongside my hubby and business partner, Matt. We also have our own little monkey, Max, who is 4 years old. Thank you so much for coming to Inflata Nation, we hope you’re having a great time!

We opened Jump Nation trampoline park in Trafford in August 2014 after seeing an american trampoline park on Super Nanny USA. We had very little money, but we were determined. After a lot of rejections we managed to attract some investors and Jump Nation was born.

Three years later the Jump Nation brand had come a long way, but so too has the amount of competition. Trampoline parks are now everywhere and we had always excelled in innovating with new ideas. So, after over a year of design we came up with a truly unique new leisure concept that does not exist anywhere else in the world, Inflata Nation, the world’s first indoor inflatable theme park! We are very proud of our creation and know that both kids and adults alike will love it and we hope you do.

We now aim to use all our knowledge in creating a market leading trampoline park into this new concept, ensuring that Inflata Nation brings the most fun along with the best service that the Nation brand has become known for. So please relax and unwind and let our wonderful team look after you.”
